Pastor Simon Eng is the President of the Hope of God International (HGI) family of churches. Before becoming a full-time minister, Pastor Simon was educated as an engineer in Melbourne, Australia and worked as a general manager for a Malaysian company. He is

currently the Senior Pastor of Hope of God churches in Malaysia. He is fatherly and is married with three children. He travels widely to provide pastoral care to the pastors of the HGI movement.

Pastor Ben KC Lee is Regional Director of Hope Americas. He has served as Senior Pastor of Hope Church Singapore, the largest HGI church with over 4,000 people. A former CPA, he has served as Regional Director of Hope Europe & Hope Africas.

Pastor Dinah pioneered the Singapore church together with Ben in 1991. She has the gift of teaching, administration and moves in the prophetic when ministering to individuals.

“Transformers” is an American story about robots that transform into everyday machinery. Thousands of mechanical pieces move as the robots transform and maneuver. Sure, Jesus can change from a giant robot into a sports car. He can do this if He wanted but superficial displays of power never have been His style. Instead, He reserves His power for the hard and beautiful work of transforming people from the inside out. Everything changes when you encounter Him. Jesus wants to transform you from sinner to saved, sick to healed, poor to prosperous, depressed to joyful, troubled to peaceful. This year’s camp will explore metamorphosis. We will look at Jesus as the Transformer of life. This year we discover how you can be the new you!
